WILL RETURN TO SPAIN

Release of the Naval Prisoners Authorized.

NO RESTRICTION IMPOSED.

The Madrid Government Will Foot All the Expenses.

ADMIRAL CERVERA IN CHARGE.

Two Spanish Steamers Now Lying in the New York Harbor Will Probably Be Chartered to Carry Them Back to Their Native Land.

Washington, Sept. 1.—Acting Secretary Allen has authorized the release of all the Spanish naval prisoners captured in the battle of July 3 from Cervera's fleet.

These are now at Annapolis and Seavey's Island, Portsmouth Harbor, the officers being at the academy and the sailors at the island. The condition of the men physically is all that could be desired.

The prisoners are to be returned to Spain at the expense of the Spanish government. That was the condition upon which our government agreed to release them without parole or other restriction. Admiral Cervera was charged by his government with the arrangements for the transportation of the prisoners.

They are all to go together, officers and men, and is presumed that Captain Eulate has gone to New York to charter the two Spanish steamers now lying there.

Boynton's Report.

Washington, Sept. 1.—Secretary Alger received the report of General H. V. Boynton upon the state of affairs in the hospitals at Camp Thomas. He says that he visited all the hospitals in the camp, without giving notice of his purpose. Says General Boynton: "A full report was obtained of all deaths in the camp, and in its hospitals since its establishment, the middle of April last. The result shows a total death list of 193 up to the 22d of this month, when the breaking up of the camp began. Between these dates, including regulars and volunteers, fully 75,000 troops have been in camp in the Chickamauga park." In closing, General Boynton says: "I beg leave to express my opinion that most of the interviews with chaplains, regimental surgeons and others, both officers and men, now appearing at the north in many of the newspapers in regard to this camp, are reckless and false except as to the filthy conditions which their own criminal neglect has caused."

Will Not Serve.

Madrid, Sept. 1.—Senor Silveira, now virtual leader of the largest section of the Conservative party, in a conference with Senor Sagasta, the premier, as to the personnel of the Spanish peace commission, persisted in his refusal to allow any members of his party to join the commission. After the conference Senor Silveira said to a number of newspaper representatives: "How can we be expected to share the grave responsibilities of concluding peace and to expose ourselves to the discredit that may result therefrom. If we are to succeed the Liberals in power, we must be free."

Mail Service For Porto Rico.

Washington, Sept. 1.—Mr. Perry Feath, first assistant postmaster general, said that the postal service would be extended in Porto Rico as rapidly as possible. In many towns the Spanish offices are still in operation and the sale of Spanish stamps continue. All receipts will, it is hoped be turned over to this government, as has been agreed upon. While the service on the island for the present will be under the direction of the military authorities, offices probably will be opened at some points where no troops are stationed.

Not a Suitable Ship.

New York, Sept. 1.—In explaining the 14 deaths of Massachusetts men while on the voyage from Cuba, the surgeons said that the Allegheny brought all the seriously sick of the regiment. There are 145 ill of the Massachusetts regiment still on board the vessel, but they are not down with contagious diseases. Inspecting officers say the Allegheny is a cattle ship not even fit for well troops, much less for sick soldiers.

Bids For New Ships.

Washington, Sept. 1.—At noon there will be opened in the office of the secretary of the navy the proposals for building three great battleships authorized by the last naval appropriation bill. These vessels will represent

the very latest developments in naval construction, in many respects being improvements upon the Illinois class of battleships upon which they are generally patterned.

Sinking of Olivette.

Washington, Sept. 1.—It is stated at the war department that the sinking of the Olivette was not the fault of United States officers. The steamship company owning the vessel has already offered to raise her. An explanation has been asked for from the officer in charge of the Olivette.

Would Not Discuss It.

Washington, Sept. 1.—Surgeon General Sternberg would not discuss the statements made by Lieutenant Colonel Nicholas Senn regarding the sanitary conditions at Camp Wilkoff. Quartermaster General Ludington said no reports had reached him that the water was bad or likely to become so. The reports of water first made showed that it was good. The point that Surgeon Senn makes is that it will soon become infected with typhoid germs.

Secretary Alger on General Miles.

Washington, Sept. 1.—Ancient the controversy between General Miles and the secretary of war, General Alger said: "I can not believe that General Miles made the statements attributed to him by a correspondent from Porto Rico. He could not have made them and have been sane at the same time. If General Miles made these statements, it was unmilitary, and proper action will be taken. I do not, however, care to anticipate events until the facts are officially presented."

Porto Rican Commission Sailed.

New York, Sept. 1.—Admiral W. S. Schley and General William W. Gordon, United States commissioners to settle the conditions for the Spanish evacuation of Porto Rico, have sailed for San Juan on board the steamer Seneca. The third member of the commission, Major General John M. Brooke, United States army, is at present in Porto Rico. Admiral Schley was accompanied by his staff and William M. Gordon, Jr., went with his father as aide.

What Governor Black Found.

Chickamauga, Ga., Sept. 1.—Governor Black of New York, after thoroughly investigating the conditions at Camp Thomas, left for Huntsville, Ala., and from there will go to Lexington, Ky. The governor stated that he found things at Chickamauga much better than he expected. He does not think, however, that the New York troops have received proper attention here, and will insist upon all being moved at once.

More Regiments to Move.

Chickamauga, Ga., Sept. 1.—The Eighth New York will leave Thursday for New York city. The Third Tennessee will also leave for Anniston, Ala., and the Second Nebraska will leave for Omaha. The seven batteries of light artillery will leave for their home states Friday and Saturday. Grigsby's rough riders will probably go Saturday. The various regiments under orders to move at once are busy getting ready.

Court-martial Was Illegal.

Washington, Sept. 1.—The secretary of war, on the recommendation of Judge Advocate General Lieber, has declared illegal and set aside the proceedings of a general court-martial convened by General Greene on the steamer China at sea June 18, 1898. General Greene, who is now left in command of the military forces in the Philippines, was then in command of the second detachment of the Philippine expedition.

Caring For Kentucky's Sick.

Frankfort, Ky., Sept. 1.—Governor Bradley wired Secretary Alger asking leave to bring Kentucky sick soldiers at Chickamauga back to their homes, the state to equip a special train for that purpose. The state has no money available for this purpose, but Governor Bradley declared his intention of borrowing sufficient money on behalf of the state to accomplish it.

Bitter Against Surgeons.

New York Sept. 1.—Two carloads of sick soldiers of the Ninth New York volunteers arrived from Camp Thomas, Chickamauga. The men were convalescent from rheumatism, malaria and typhoid fever and were in fairly good condition. Orderly Robert Stanley, in whose charge the men were, was especially bitter against some of the surgeons at Chickamauga.

May Go to Porto Rico.

Pontiac, Mich., Sept. 1.—Congressman Sam Smith has just received a letter from Secretary Alger stating that while the Thirty-fifth volunteers, Michigan's newest regiment, will not be sent to Manila, as had been desired, they would be sent outside of the state, probably to Porto Rico.

General Frank in Command.

Washington, Sept. 1.—Brigadier General Royal T. Frank has been assigned to command temporarily the Third army corps, formerly command-

ed by General Wade, the latter having been relieved to become a member of the Cuban military commission.

To Raise Spanish Warships.

New York, Sept. 1.—The Merritt and Chapman Derrick and Wrecking company's tug Argus has arrived from Halifax with two pontoons procured there, which are to be taken to Santiago to assist in the work of raising the sunken Spanish warships.

Fourth Ohio Anxious to Leave.

Guyama, Porto Rico, Sept. 1.—The hospital ship Relief, with 76 men from hospitals here, fever and typhoid cases, and with 35 sick men from Ponce, sailed for Boston. The Fourth Ohio regiment is anxious to go home.

Steamship Service to Havana.

Savannah, Sept. 1.—The Plant steamship lines will resume their service to Havana next week, and the first boat to make the trip since the war was declared, will be the steamship Mascotte.

Floated the Spanish Flag.

New York, Sept. 1.—Two steamships flying the Spanish flag have sailed from this port. They were the former United States prizes Miguel Jover and the Catalina.

General Garcia Removed.

Washington, Sept. 1.—Senor Albertini in charge of the Cuban legation here during the absence of Senor Quesada in New York, said the legation either here or in New York had no information tending to confirm the reports that General Calixto Garcia had been removed from the command of the Cuban troops in Eastern Cuba and that General Lacret had been appointed his successor.

Insurgents at Mass.

Manilla, Philippine Islands, Sept. 1.—The insurgents attended a regulement mass in the Pasig church on the site of the principal battlefield, for the repose of the souls of the insurgents and Americans who have lost their lives here while fighting the Spaniards.

Soldiers Must Report.

Washington, Sept. 1.—The war department issued a general order directing all men absent from their posts to report their whereabouts and reasons for absence by letter to their company and regimental commanders.

Five Deaths.

Washington, Sept. 1.—Following is General Lawton's daily health report from Santiago: "Total sick, 348; total fever, 289; total new cases fever, 9; returned to duty, 54. Five deaths."

War Department Blamed.

Milwaukee, Sept. 1.—Chairman O'Connor spoke over an hour at the Democratic state convention. The temporary organization was made permanent. The resolutions committee's report was read and adopted unanimously. In it no reference to the annexation question is made. Allegiance to Democratic principles as set forth in the Chicago platform is reaffirmed. The resolutions continue: "We congratulate the citizens of the nation on their loyalty and ardent patriotism displayed in the vigorous prosecution of the late war and we especially honor the American army and navy for their valor, and we condemn the war department for the blunders and crimes committed against the brave boys in camp and on foreign battlefields by selfish contractors, incompetent surgeons and vain, heartless army officers, appointed for political purposes."

Identified the Writing.

San Francisco, Sept. 1.—Detective McVey, who came here from Delaware to procure the extradition of Mrs. Cordelia Botkin for the murder of Mrs. John P. Dunning and her sister, made a statement to the effect that John P. Dunning, husband of one of the victims, had identified the handwriting on the wrapper of the candy box as that of Mrs. Botkin. He also said that Mr. Dunning has identified the anonymous letters sent to Mrs. Dunning as being written by Mrs. Botkin.

Shot a Would-Be Assassin.

Nashville, Tenn., Sept. 1.—Several attempts have recently been made to poison the family of Captain John E. Logwood of Athens, Ala., one of the most prominent in the state. Dick Dabney, colored, one of the persons who was suspected, was shot and killed by Charles Logwood, son of Captain Logwood, who detected Dabney and another negro in the act of trying to kill Captain Logwood while the latter was asleep.

One Man Killed.

Galveston, Tex., Sept. 1.—In a riot which occurred on Mallory docks in this city one man was killed and six injured. The riot grew out of labor troubles, the longshoremen demanding an advance from 30 and 40 cents per hour to 50 and 60 cents for day and night work respectively.

Four Deaths.

Laredo, Tex., Sept. 1.—Within the last week four deaths from yellow fever have occurred at Vera Cruz, Mexico. The authorities there are making every effort to prevent its spread.

IRON AND STEEL.

A Colossal Combination About to Be Consummated in the East.

Chicago, Sept. 1.—The American Steel and Wire company of this city organized last April by the consolidation of companies controlling 75 per cent of the production of wire rods and barbed wire in the United States has received overtures to become a party to the great iron and steel combination now being consummated in New York city.

In response to telegrams received from the leading promoters of the big deal now in the east President John Lambert of the American Steel and Wire company, together with four directors and principal stockholders of the company, have left to attend the conference now pending in New York city, at which they will be prepared to present terms on which they are willing to join in the deal with the Illinois Steel, the Minneapolis Iron, the Lorain Steel and the Elgin, Joliet and Eastern Railway companies, which together are to make up the new Federal Steel company.

The participation of the American Steel and Wire company in the combination with the other companies that mine and transport iron ore and convert it into steel will add enormously to the scope of a new corporation, and it will give it almost complete command of all the diversified branches of one of the greatest industries of the age.

Want the Confederates There.

Philadelphia, Sept. 1.—The executive council of the National Association of Naval Veterans of the United States has issued an invitation to the survivors of the Confederate army and navy to fraternize and parade with the National Association of Naval Veterans in Cincinnati on Sept. 6. It is the purpose of the National association to make the reunion in the nature of a peace jubilee.

Hanna Will Be Too Late.

Cleveland, Sept. 1.—It is not probable that Senator Hanna will meet President McKinley, as the former had expected, during the present visit of the chief executive in Cleveland. Senator Hanna is en route from the northwest, but will not reach here before Thursday evening, while the presidential party will leave Cleveland in the morning for Canton.

Professor Woodward Appointed.

Cleveland, Sept. 1.—President McKinley appointed C. D. Woodward as one of the commissioners to represent this government at the Paris exposition. The title is that of assistant commissioner general. Mr. Woodward is a professor at Columbia university, and is well known in art and literature.

Increase in Wages.

Cardiff, Wales, Sept. 1.—The delegates of the Welsh miners met and formally ratified the acceptance of the employers' terms. The terms include an increase of 5 per cent in miners wages.

Will Pay Coupons.

Baltimore, Sept. 1.—The receivers of the Baltimore and Ohio Railroad company will pay the coupons due Sept. 1, 1898, from \$2,500,000 bonds of the Central Ohio Railroad company, amounting to \$56,250.

CONFESSION OF GUILT.

Lieutenant Colonel Henry Cuts His Throat.

EFFECT ON DREYFUS CASE

The Deceased Was One of the Prominent Witnesses Who Testified Against M. Zola During the Recent Sensational Trial.

Paris, Sept. 1.—The discovery that Lieutenant Colonel Henry was the author of an important letter which figured in the Dreyfus case has caused a sensation.

Colonel Henry made a startling confession.

Colonel Henry's confession threatens to rekindle the Dreyfus agitation more heatedly than ever, and seems likely to shake public confidence in the army.

Even the Liberte, a strong anti-Dreyfus organ, says: "It must cause the deepest pain to all honorable men that officers of such standing show such a lack of moral sense."

It is reported that at the cabinet meeting the ministers admitted that a revision of the Dreyfus trial was absolutely unavoidable and a public announcement that the ministry has decided to initiate such a revision is expected soon.

The Temps asserts that the disclosures made to the ministers have decided the minister of war to place Major Count Esterhazy on the retired list.

Colonel Henry was attached to the war department when Dreyfus was convicted, and he was one of the prominent witnesses who testified unfavorably to M. Zola during the latter's sensational trial on the charge of libeling military officials.

General Le Mouton de Boisdeffre, chief of the general staff of the French army, has tendered his resignation to the government.

Lieutenant Colonel Henry has committed suicide.

Hawkeye Republicans.

Dubuque, Sept. 1.—The Republican state convention will meet here Thursday. Congressman John F. Lacey of Oskaloosa will be temporary chairman. Senator Gear will be chairman of the platform committee and he and Senator Allison will frame that portion of the resolution referring to national affairs, stating the administration ideas with some considerable degree of authority, especially in matters concerning the conduct of the war and disposition of conquered territory.

Practiced in Other Cities.

Cleveland, Sept. 1.—The Cleveland police have information which leads them to believe that the swindling scheme which led to the arrest of Julius Beeman was practiced in other cities than Buffalo. The letters enclosing bogus pawn checks for a diamond ring have been scattered in Indianapolis and Cleveland. The police believe that the swindle is a big one and that the leaders are yet to be apprehended.

Message to the Czar.

Saratoga, N. Y., Sept. 1.—The American Social Science association sent to the czar at St. Petersburg the following dispatch: "The American Social Science association unanimously hails the lofty purpose of your overture for a better understanding among nations and for better economic conditions for their peoples, and confides in its eventual success."

Cable to Australian Colonies.

Wellington, New Zealand, Sept. 1.—The report of the committee of the legislature just issued recommends joining the Australian colonies with Canada and the mother country by a cable on the basis that if Great Britain and Canada together would guarantee five-ninths of the cost of the work, New Zealand and the other colonies would contribute the remaining four-ninths.

With the President.

Cleveland, Sept. 1.—After lunch the President and Colonel Herrick took a drive. There were few callers during the day, including officers and friends of the First Ohio cavalry, who made known the desire of the soldiers to be mustered out instead of being assigned to garrison duty. Mrs. McKinley is still indisposed by reason of a slight cold.

Hay Fever Victims in Convention. Marquette, Mich., Sept. 1.—The twentieth annual meeting of the Western Hay Fever association is being held here. Five hundred hay feverites are in the city. E. R. Goldsmith of Hamilton, O., has been re-elected president.

Lima, Peru, Sept. 1.—The congress of Ecuador has suspended its sessions until it can obtain government protection.

DEMOCRATIC TICKET

FOR CONGRESS.
MORDECAI WILLIAMS,
of Boyd County.

For Kentucky—Light showers are probable; variable winds.

It's easy to explain the statement that Congressman Pugh is "a favorite of President McKinley." The Judge can always be relied on to walk right up and vote as the Administration tells him.

The transport La Grande Duchesse is anchored in the bay at New York with 10,000 tons of provisions loaded for Santiago four months ago, which have never left her hold. The transport arrived from Cuba with troops August 17th. This is a sample instance showing how the brave soldier boys down in Cuba are furnished with food. No wonder some of them starved to death.

REPUBLICANS have suddenly raised the cry that Democrats will make political capital out of the disgraceful condition of affairs existing in the army hospitals. Democrats have not expressed any such intention. It seems impossible for small-fry Republicans to lay aside politics long enough even to care for the unfortunate sick and wounded soldiers. There are a few Republicans, however, who can rise above politics in such emergencies. The most scathing denunciation of the shameful and outrageous condition of affairs in some of the hospitals comes from ex-Secretary Sherman.

"It has been learned from very good Republican authority that the Administration will see that the National Republican Congressional Committee has Congressman Sam J. Pugh supplied with an abundance of campaign funds. 'He will get all the money he wants,' is the way it was put. It is hoped thus to offset the Republican losses on account of Mr. Pugh's personal unpopularity. Mr. Pugh is a special favorite of the President."

And so our friends on the other side are really scared up. Some of the G. O. P. editors talked at first like Hon. Mordecai Williams would be dead easy to defeat, but the above special from Washington City indicates that they have waked up to the fact that they haven't any soft snap this time. Of course the Republican politicians of this district will work their National Committee for all the "boodle" they can possibly get, and then the "floaters" will make 'em "shell out" in November.

WEEKLY CROP BULLETIN.

High Temperature and Abundant Sunshine.
With Sufficient Moisture—Out-look Bright.

The week just closed was characterized by high temperatures and abundant sunshine, with sufficient moisture, in the form of light showers, to maintain crops in good growing condition. Considering everything, no weather more favorable has been experienced during any consecutive seven days since the beginning of the present season.

Corn fields that were flooded during the late heavy rains, have been greatly benefited and will yield fairly well. The corn crop as a whole is very promising and is maturing rapidly.

Tobacco shows steady improvement and is being housed in excellent condition throughout the State. There is some complaint of worms and rust, but not enough to cause any alarm.

Plowing for fall wheat is well under way, and all minor crops and gardens continue in excellent condition.

COL. J. B. NOYES received a telegram Wednesday from Hon. Mr. Chilton, of Charleston, W. Va., stating that Harry Morgan, of that city, a member of a West Virginia regiment, died August 30th at Chickamauga. Deceased visited in Maysville in former years and had a number of friends here. The burial takes place at Charleston to-day. Morgan was Sergeant Major of the First West Virginia regiment.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hannick & Co., of Shelby, N. C. Trial bottles free at J. James Wood's drug store. Regular size 50c. and \$1. Every bottle guaranteed.

VERY INTERESTING

Were the Proceedings of the Teachers' Institute Wednesday.

Writing, Composition, English Grammar and Discipline the Subjects Discussed.

The morning session of the institute Wednesday was begun by singing "I Know I Love Thee Better, Lord," and "I Know Whom I Have Believed." Superintendent Blatterman read the ninety-second Psalm and offered the morning prayer.

After roll call "Writing" was taken up and discussed by the instructor, who recommends that the child be taught writing by having him trace with a pointed stick a printed word or a word that has been written by the teacher. By asking questions he got the methods of the teachers in teaching writing. Holding the pen, movement, position, &c., were fully discussed by the instructor and the teachers. Mr. W. H. Chandler gave his methods in teaching writing.

Mr. W. T. Berry was called on to give to the institute his methods in teaching writing. He would use a pencil in tracing a word instead of a pointed stick, as suggested by the instructor. As every one knows Mr. Berry is an excellent writer, and has made great success in teaching this branch. Mr. Swift wanted to know how many of the teachers teach movement. In teaching writing it was decided to teach first the position of the pencil, next the form and last the movement.

Mr. Dietrich, a representative of the American Book Company, was introduced to the institute and spoke fifteen or twenty minutes on the subject. He said the primary object of writing is to make a record—a record that may be easily and readily read. The first condition of writing is legibility; the second, rapidity; the third, beauty.

After recess "Only Trust Him" was sung. "Composition" was taken up and discussed by the instructor Mr. Lumley. It was decided in connection with the teaching of this subject that a child must do in order to know. How to correct the common errors in the language of the pupils was dwelt on for some time. The problem was not solved, but possibly never will be until the child never hears an incorrect expression at home. Several teachers made a number of helpful suggestions on this subject. Mr. Dietrich added many useful hints as to how language ought to be taught to children. He says a teacher can not use too much adroitness and too much patience in dealing with children and in leading them into the right use of the language. Mr. Lumley says he would not place the incorrect form before the children. He thinks false syntax ought not to have any place in books.

After a short intermission the subject, "Resolved, That Only the Common Branches Should Be Taught At Public Expense," was debated by Messrs. Kay and W. T. Pollitt on the affirmative, and by Messrs. Griffith and Thomas on the negative. Both sides made strong arguments. Besides the speakers above, Mrs. Allen and Messrs. Thomas Chandler and W. T. Berry took part. The Chair decided in favor of the affirmative.

The afternoon session was opened by singing "Blessed Assurance" and "Beloved, Now Are We."

After roll-call, "English Grammar" was taken up. The study of grammar should begin when the child enters school, or better when the child begins to talk. Technical grammar is not meant. It is doubtful if technical grammar should ever be taught to the majority of pupils. The committee of fifteen recommended that Technical grammar should not be taught to children under thirteen or fourteen years of age.

The idea advocated by Mr. Richard Grant White that English is a grammarless tongue as presented by Mr. Gabby was attacked by Mr. W. R. Chandler, who thinks the idea absurd.

The instructor thinks diagramming has a limited place in teaching grammar.

The Royal is the highest grade baking powder known. Actual tests show it goes one-third further than any other brand.

ROYAL BAKING POWDER CO., NEW YORK.

He says a vast amount of time is wasted in teaching parsing. He concluded the discussion by urging the teachers to be accurate and to study the best literature that they may give to the pupils a "pure well of English undefiled."

Mr. W. T. Berry gave his method of diagramming. This method is original with Mr. Berry and is becoming very popular.

Just before recess Miss Margaret Bacon highly delighted the institute by reciting "Come Back to Our Ashore." Margaret is only eight years old, and gives much promise of a brilliant future.

After recess the choir sang "The Crowning Day." The subject of "Discipline" was discussed in a very enthusiastic way by Messrs. Swift, Reganstone, Gabby, Chandler and Lumley. It was agreed that the principal element in discipline is self-control on the part of the teacher. Our instructor said that a teacher ought not to punish a pupil before the school. The principal object of punishment is to correct the offender, and not to deter others from wrong doing. All agreed that punishment must be certain, and that few rules should be made, and these only when absolutely necessary.

ASHLAND NEWS: "Last Sunday when the Queen City passed up it had on board one of the largest excursion crowds that has made the round trip this season. Among the party were about fifteen of the most handsome and jovial young ladies of Maysville, accompanied by several of Maysville's prominent young men. There were near two hundred passengers aboard the boat when she passed here. The accommodating Captain granted the party a few moments to come up in our city, which a great many took advantage of."

A. O. U. W. War Assessment Illegal. Boston, Mass., August 30.—Attorney General Knowlton, in an opinion, declares that the fifty-cent war assessment levied by the Grand Lodge of the Ancient Order of United Workmen in this State is clearly illegal. The opinion says:

"A corporation has no right to levy assessments on its members for the purpose of paying the proceeds to a foreign corporation for the purpose of paying benefits to persons not members of a Massachusetts corporation."

Further on in the opinion he says: "The allegiance (of the Grand Lodge) to the Supreme Lodge must be subordinate to its obligations under the statutes of Massachusetts."

ATTEMPTED ROBBERY.

The Venerable W. H. Tarleton Had An Exciting Adventure With a Thief One Evening This Week.

Mr. W. H. Tarleton, whose home is near this city, on the Hill City pike, had a rather exciting adventure with a robber Monday evening about supper-time.

The fellow came to the house and asked Mr. T. for something to eat. Before the latter had time to turn away to get the food the man suddenly drew a pistol and pointing it full in the face of Mr. Tarleton demanded ten dollars.

Mr. Tarleton pushed the door hurriedly upon the fellow, catching his arm in it, but thinking the man might fire at him, he released his hold.

By this time Mrs. Tarleton having heard the noise of the scuffle, rang the bell, which brought their tenants in view. The robber getting a sight of these decamped with all haste.

Mr. Tarleton, although he doesn't appear nearly so old, is upwards of eighty years. His many friends are glad he came off with no harm or injury.

Ho! For Cincinnati.

Quarters have been secured and all arrangements perfected for the comfort of all soldiers who contemplate joining Joseph Heiser Post No. 13, G. A. R., in the grand parade of the 32nd encampment at Cincinnati, Wednesday, September 7th. A meeting will be held in the rooms adjoining G. A. R. Hall, Cox Building, Monday night for the purpose of having final reports and making preparations for leaving on the 5:30 train Tuesday morning. All who intend to join this post in the parade and put up at the quarters secured by the post are invited and expected to attend the meeting Monday night. G. W. Oldham, P. C. T. K. Proctor, Adj.

SUPERIOR

SINGLE DISC
GRAIN DRILL.
Simplicity of Perfection.

The only absolute positive force feed, which can be instantly changed to any desired quantity—a vast improvement over the old style cog wheel feed abandoned many years ago. Can be thrown in and out of gear, allowing the disc to remain in the ground—another improvement over the old style drills.

THE SUPERIOR SINGLE DISC DRILL will do more and better work with less labor than any other drill made. It will sow and cover grain in all kinds and conditions of soil, in hard ground and soft ground, in weeds, corn stalks, crab grass or any kind of vines, without clogging. We have been selling this drill for four years. Ask the users as to their superiority and they will invariably tell you to buy no other and that they are the best drills on earth. The SUPERIOR was the first successful Disc Drill. There are imitations; Beware of them. We solicit your inspection of the Superior before placing your order for a drill.

LABOR DAY.

It Will Be Celebrated in Grand Style Next Monday in This City—Program at the Fair Grounds.

On Labor Day, Monday, September 5th, the parade will form at the C. and O. depot at 10:30 and march through the principal streets, headed by the police and Maysville's celebrated Reed and Brass Band. The program at the fair grounds will be a dress parade by the Knights, a fancy drill by the Ladies' Auxiliary Drill Corps of Bellevue, Ky., uniformed in national colors. A scientific glove contest between artists in their line, a two mile bicycle race for the championship of Mason County, a live bird shoot by the Mason County Gun Club, a fat man's race, a greased pig race, a running foot race one-fourth mile, a bloodhound trail. All the popular amusements will be on the grounds.

The price of admission to all parts of the grounds, including the amphitheater, will be 10 cents.

Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky. Sold by J. Jas. Wood & Son, druggists.

Electric Park.

If you don't see the show at this popular amusement place this week you miss a really high-class performance. Go out to-night. The wonderful wargraph pictures are absolutely free to street car patrons. So avail yourself of this opportunity to see the pictures of the late war with Spain, and many other interesting pictures. There will be no gate keeper. So come out to-night and see these pictures and stay for the entertaining vaudeville program rendered in the cosy little theater. Colton and Darrow are making a big impression with their clever comedy sketch. Miss Darrow's fine contralto voice is heard to good advantage in her vocal selection. Percy and West in their unique sketch are winning much favor. Mr. West is a good female impersonator and Mr. Percy will sing the latest descriptive ballad, "She Was Bred in Old Kentucky."

Remember the pictures are absolutely free to street car patrons and admission to the theater is 15 cents, including round trip car fare.

A Successful Optician.

Dr. Goldstein, the Louisville optician, who has repeatedly visited Maysville, will be in our city Friday and Saturday, September 2 and 3, positively two days only. In the interest of those who have weak, defective or afflicted eyes. The doctor applies to his profession strictly scientific principles, and having long experience, he is prepared to fit all kinds of eyes, and to give to his patients such advice as each particular case may require. At Central Hotel, office hours 9 a. m. to 5 p. m.

Mr. GEORGE ORT will soon open a first-class bowling pavilion at 19 West Second.

WHITE IS EXONERATED

Of Charges Reflecting on His Official Acts.

REPORT OF THE COMMITTEE.

Large Expenditures, Which May Appear to Some as Useless, Were Authorized by Supreme Lodge of Knights of Pythias.

Indianapolis, Sept. 1.—The special investigating committee appointed by the supreme lodge of the Knights of Pythias to investigate the charges made against the officers and also to find out where the information had come from, made its report.

The committee paid special attention to the discovery of the author of the charges, but the report failed to show that it was successful in this.

As to the direct charges reflecting on Supreme Keeper of Records and Seals White the report finds that Brother White is not a stockholder or a director in a bank, trust company or other financial institution; that he is not a stockholder in the Brandon Printing company nor interested therein in any manner, nor never was; that he is nor has been directly or indirectly interested in any contracts of any character made by or in the interests of the supreme lodge; that since becoming supreme keeper of records he has not been engaged in any business, devoting his entire time and energy to the discharge of the duties of that office.

As to the charge of extravagance and waste the committee finds "that the officers and members of this supreme lodge have, in all things, conducted the business of the supreme lodge honestly, fairly and for the interests of the order universally and that all insinuations to the contrary are absolutely false and without foundation."

They further find that there have been large sums of money expended in what might seem to some a useless manner, but we also find that all such expenditures are the result of direct legislation on the part of this body and authorized by it, and that the officers in making the expenditures were acting simply as the instruments of this body in carrying out its dictates."

The committee suggests "that the supreme keeper of records and seals be requested to prepare for each session of the supreme lodge a detailed statement showing the amount of work as nearly as may be performed by each officer during the preceding two fiscal years and the expenses of each officer during the same time."

This report was signed by Tracy R. Bangs, chairman; D. Richardson, James E. Watson, George M. Hanson and John W. Daniels.

The committee appointed to recommend the time and place of holding the next encampment of the Uniformed rank, Knights of Pythias, and the convention of the Supreme lodge has reported in favor of Detroit and set the time for the meeting of the Supreme lodge on the second Tuesday in September, 1900.

The Matthews Obsequies.

Clinton, Ind., Sept. 1.—The burial of ex-Governor Claude Matthews occurred in Clinton cemetery. During the morning hours special trains arrived from Indianapolis and Terre Haute, bringing sorrowing friends, and the same was true of the regular trains which brought sympathizers from every quarter of the state. In order to accommodate the crowd chairs were removed from the opera house to the Hazel Bluff farm, where the services proper were held. The funeral sermon was preached in the beautiful grove adjoining the Matthews' mansion. Dr. Souders preached from the theme "How Are the Mighty Fallen."

Czar Remembered Uncle Sam.

Washington, Sept. 1.—United States Ambassador Hitchcock, at St. Petersburg, has cabled the state department that he has been handed by the Russian minister for foreign affairs, Count Marlowe, a copy of the identical note addressed by order of the czar to all of the representatives in St. Petersburg of foreign governments, proposing a joint conference to consider the question of general disarmament.

Anxious For the Sultan.

Tangier, Morocco, Sept. 1.—The greatest anxiety prevails among the Moors regarding the health of the reigning sultan of Morocco, Muta-Abd-El-Aziz. The gravest rumors are in circulation, but the populace is denied all information, and the people believe the government is suppressing the truth.

A Private Sentenced.

Nancy, France, Sept. 1.—A court-martial here has just sentenced a private soldier to three months' imprisonment and 500 francs fine for shouting "Vive Zoia."

The Weather.

For Kentucky—Light showers are probable; variable winds.
For West Virginia and Ohio—Partly cloudy weather; continued high temperature; light southerly winds.
For Indiana—Fair except threatening weather and light showers in southern portions; variable winds.

THE CUBAN MOTHER'S LULLABY.

[Boston Transcript.]
Hush, my little one,
Hush, my pretty one,
Close now thy hungry eyes,
(Mary, mother, hear his cries.)
Oh, call not thy father's name again,
Thy voice cannot bring back my slain.

Hush, my little one,
Hush, my darling one,
Cease, cease thy weak wailing,
For good ships are sailing,
Bringing bread to thee and me,
Bringing life from over the sea.

Rest my little one,
Sleep my wasted one,
Safe in thy mother's arms,
Free from war's dread alarms,
Loving hearts are bleeding for thee,
"Silent lips" are pleading for thee.

Awake, my little boy,
Awake, heart of joy,
Eat the bread sent to thee,
Sent thee from over the sea!
Eat, grow and live to be
Worthy of liberty—worthy of Cuba free.
—Elizabeth Bryant Johnston.

Cupid breaks his bow at the sight of a face full of pimples. Hollow cheeks, sunken eyes, and a sorrowful completion will defy his best intentions. Beauty is more than skin deep. The skin is merely the surface on which is written in plain characters the condition of the body. Dr. Pierce's Golden Medical Discovery is good for the complexion because it makes the whole body healthy—because it cleans and purifies the blood, makes the digestion strong and clears out impurities of all kinds. By increasing the ability to assimilate nutritious food, and by the infusion of its own ingredients it enriches the blood and so makes solid, healthy flesh. It cures diseases of the lungs, liver, stomach, bowels, skin and scalp, simply because all these diseases spring from the same cause—a disordered digestion and consequent impure blood.

Lucky Mr. Walter!

David Walter, a farmer living near Lititz, was the victim of a unique surprise the other day. It was the thirty-eighth anniversary of his birth, and Mrs. Walter invited about 50 friends and relatives to participate in a celebration of the event. Shortly before dinner a handsome carriage was presented to Mr. Walter. Under his plate at the table was a fine gold watch. Leaving the table, Mr. Walter was invited to the yard and a herd of ten Holstein cows was driven up and presented to him. This was followed by the appearance of two young ladies dressed in pink, who carried a tray on which were piled gold and silver to the amount of \$3,000. This, too, was presented to the happy man.

Everything was the gift of Mr. Walter's wife, who by industry and frugality in their 15 years of married life had saved the money without the knowledge of her husband.—Philadelphia Times.

Spain's Popular Beverage.

"Horchata de chufa," is the singular name of the most popular drink in Madrid. This is made from a nut called "chufa," yielding a milky liquid when reduced to a pulp. This is diluted with water, and forms a most cooling and refreshing drink. However, it is an acquired taste. Very few like it at the first trial. The horchata may be made from different kinds of nuts. The almond is used also.

Strange to relate, the horchata de chufa is always sold where matting is kept for sale, so that when you spy a roll of the latter outside the store door, it is a sufficient indication that in that particular place you may procure a glass of the horchata. In spite of inquiries, I was unable to discover the origin of the singular combination of articles on sale.—Truth.

THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—
